

Visual pre-shipment loading report – TOWERS			
Project:	Generic	Client:	NA
Date:	Year 2013	Reported by:	Chris Portelli for Jarlso AS

REPORT SUMMARY

The report is completed exclusively for Jarlso AS with the intent to document the provision of 50m towers supplied on trolley to potential clients. Additional material such as detailed trial assembly test report and design are available upon request. Detail packing list shall be supplied to the specified client. For more details contacts Jarlso AS via company web page www.jarlso.com

Material quality testing and individual bundle marking is conducted by third party in conjunction with Jarlso AS personnel and factory production plant managers.
